- ◆ Lockable latches ensure your equipment is secure
- ◆ Stackable with recessed metal cuffs built into the lids
- ◆ Standard heavy industrial grade wheels and casters
- ◆ Easy recharging, convenient access

VOTO-CART MOVING AND STORAGE SYSTEM

You can store it, lock it, protect it, stack it, move it, and recharge it all with one secure case. No need to spend money on costly shelving when you have the stackable Voto-Cart®.

The Voto-Cart® takes care of everything from storage and protection to recharging!

SAVE TIME – SAVE MONEY – USE VOTO-CART!

STORE IT!

Each cart is custom designed and built to accommodate specific voting units and specialized printers.

Multiple sizes available to meet your specific precinct needs.

STACK IT!

The Voto-Cart® is stackable, with recessed metal cups built right in to the lids to hold the casters in place. Saves space – saves time.

LOCK IT!

All carts are installed with durable lockable latches, ensuring that your sensitive equipment is secure from storage to the polls – and back!

PROTECT IT!

Tough wood cases and quality security latches make Voto-Cart® perfect protection during storage and transport.

MOVE IT!

The Voto-Cart® comes standard with heavy industrial grade wheels and casters. Moving is easy for everyone – professional movers, storage personnel, poll workers – they all benefit from the portability!

RECHARGE IT!

The Voto-Cart® allows for easy recharging. Its drop down door offers convenient access, so the equipment does not need to be removed from the case in order to be recharged – another time saver!
